SSCI

REPT #

2 September 1986

MEMORANDUM FOR: Graham Fuller, VC/NIC

FROM: DCI

SUBJECT: SSCI Draft Study

You mentioned at the Staff Meeting this morning that you were working on a response to this SSCI paper. I can't figure out where this comes from. It is factually haywire. I am sure that Weinberger never asked me to do a Philippines estimate and I don't like the implication that either that estimate or the Nicaraguan one, or any other for that matter, were approached with preordained conclusions. I will be interested to see how you handle the response.

William J. Casey
